

Figure 1 consists of two pie charts. The top chart shows a distribution where 70% is LG (blue) and 30% is LCD (orange). The bottom chart shows a distribution where 70% is LG (blue) and 30% is LCD (orange). The labels '70%' and '30%' are placed next to their respective slices. The labels 'LG' and 'LCD' are placed below their respective slices. The quotes are placed above and below the top chart.
